Dear Friend:

The words of the illustrious poet, Robert Burns, "The best laid schemes o' mice and men gang aft a'gley", are apropos of the plans of commodores.

On assuming the duties of the office a year ago, I had many ideas for a very active year for the Boat Club, but the sudden suppression of the 1937 "Prosperity Wave" made development of many of our ideas impractical if not impossible. However, projects of greatest interest to our members were carried out.

Cottages of members were posted and inspected by the State Police, with the result that not a single case of depredation was reported.

The Fish Committee applied for the maximum allotment of trout, 137,000. Forty thousand have been received and planted to date; 10,250 of this number were of legal size, from 7 to 10 inches in length, resulting in the best fishing the Lake has experienced in many years. Thru the efforts of our Vice Commodore, official action has been inaugurated which bids fair to improve fishing conditions considerably another year.

Our Marker and Buoy Committee have rendered faithful and efficient service and are still working.

The "Sports Event", in conjunction with the Summer Camp, on August 6, was a very pleasant affair. An unusually large number enjoyed the delicious buffet supper provided by the Camp. We are again deeply indebted to Professor Delavan, the faculty and students for their generosity, courtesy and good will. There would have been more events for Club members had they responded to the request for entrants for the various contests. Let's bear that in mind and another year notify the chairman, in advance, just what you would be willing to participate in.

Detailed reports of the year's activities may be expected at the Annual Banquet and Meeting to be held at the Summer Camp on Wednesday, August 24. Members whose 1938 Duos are paid will receive their Banquet ticket free.

A liberal reward is offered for information as to the whereabouts of our Secretary. Where ever he may be, the members wish him happiness and improved health.

Yours very truly,

George A. Terry
Commodore.
