

Did everyone have a good Twosday? Last Tuesday was 2/22/22, or twos day. If you write your date mm/dd/yy, then every day this week is a palindrome, i.e. 2/24/22, 2/25/22, etc. With all that important information out of the way, I can now get on to discussing the boat club:

Thanks to our active Board of Directors those who wish to make payments for dues or activities can use VENMO. Bob Safford made the suggestion that we use VENMO and Jenna Burkard and Karen Vavra have set it up. If you already use Venmo, find Cranberry Lake Boat Club under businesses. The account is **Cranberrylake-Boatclub**. Signing up for Venmo requires a computer or smartphone and is relatively easy to do. Please remember to document in the note section what you are paying for, i.e. dues, firecracker, etc.

After the holidays, there are winter activities we look forward to. The CLFD has the ice fishing tournament “First Strike”, which went off this year without a hitch. Next, last weekend was “White Out Weekend” with many winter activities in Star Lake, Wanakena and Cranberry Lake. We tapped our maple trees last week and yesterday 2/23/22 collected 8 gallons of sap and today boiled it down to a pint of maple syrup.

This leads up to **ICE-OUT**. This year we, the boat club, will again host this activity. If you're not familiar, it is a chance to guess the date and time that the ice disappears from Cranberry Lake. Last year it was on Easter. The year before it was May Day and before that Good Friday. So, what is your guess this year? I’ve attached a form for five guesses. Fill it out and send it to me by mail or email. Pay the \$10 donation per form (\$2 per guess for five guesses) either by Venmo or

check. If you pay by check please make it out to Cranberry Lake Boat Club and mail it to me at:

using the Venmo account: **Cranberrylake-Boatclub** putting ICE-OUT in the note section and then emailing your guesses to my email account, halseybagg@gmail.com.

Cranberry Lake Puzzle:

One of the most successful projects for the year is the Cranberry Lake Puzzle. A big thanks goes out to Karen Vavra and her Daughter Kelly Owen. It is more than a map and is actually a history lesson of Cranberry Lake. The key to the puzzle contains many pages of facts and history. Contributors include; Mark Friden, Karen Vavra, Nolan Fedorow and Allen Ditch. The first edition of 250 puzzles sold out this summer. A few remain from the second order of 100 puzzles received this fall. If you'd like to purchase one contact Karen Vavra. The cost is \$35 plus postage.

Navigation Map: All memberships received a free gift of one navigation map last Fall. For those of you who need another navigation map, you can send me an email with your request. There is a limited supply available to members for \$10 plus postage.

If you'd like to be more involved in the activities of the Boat Club and serve on one of its committees, please let me know (Halsey Bagg, 315-790-7512 halseybagg@gmail.com).

Take care and be safe!
